We will have fun with creative writing activities that will inspire and support your child in exploring creative writing. Your child may bring any writing he or she has done at home to work on or to share with others. Students will be given plenty of choice in deciding what to create and how to use their time as writers.

Please return the slip below to your child's teacher **by Tuesday, January, 22** if you would like your to child participate. **Your child's place in the group will be confirmed by email before the first meeting.**
